Drop-off analysis & trends

Key insights & recommendations

- Overall conversion is 18.4%; only 60% of people who start registration finish it.
- Bounce rate is low (4.9%), so the issue is conversion, not traffic quality.
- Instagram and Email convert best (~24%); Google Organic converts worst (15.5%).
- Home page "/" is the top drop-off page (87% never register).
- Recommendations: shorten the form, add a clear CTA on "/", improve mobile UX.
